In reply to your query about Conlon Associates, I can well understand your interest in their report entitled "United States Foreign Policy in Asia", prepared under contract for the Senate Foreign Relations Committee and published by the Government Printing Office on November 1, 1959. It would not seem appropriate for me to comment on the qualification of a firm selected by the Senate Foreign Relations Committee to prepare a foreign policy study. I wish to assure you that the Central Intelligence Agency has no direct or indirect connection with Conlon Associates Inc.

Sincerely,

Allen W. Dulles
Director
